Art. 24. To see if the Town will vote to:

I.

a. Establish a municipal economic development and revitalization district as shown on a map entitled Proposed Stone Bridge Industrial Park Tax Increment Finance District (dated 2/9/99) and which generally encompasses the land to the north and south along Sharon Road and the land along route 202 to the east and west from Cheshire Pond to the junction of Nutting Road/Pierce Crossing Road and Route 202. The district will be known as the Stone Bridge Industrial Park Tax Increment Finance District.
b. Adopt the Stone Bridge Industrial Park Tax Increment Financing Plan dated 2/9/99, which stipulates that no funds arising from the district will be expended until a more comprehensive and specific plan is adopted by Town Meeting vote.
c. Authorize the Board of Selectmen to appoint a District Administrator in accordance with the provisions of 162-K:13 and to appoint a five member Advisory Board in accordance with the provisions of 162-K:14. The function of the Advisory Board shall be to advise the Board of Selectmen and the District Administrator on the establishment of a more comprehensive and specific development plan for the District, and then to advise and assist in the implementation of that plan, once approved by Town Meeting.

II.

a. Establish a municipal economic development and revitalization district as shown on a map entitled Proposed Downtown Jaffrey Tax Increment Finance District (dated 2/9/99) and which generally encompasses the center of Downtown Jaffrey from Charlonne Street to Oak Street and the commercial area along Route 202 north. The district will be known as the Downtown Jaffrey Tax Increment Finance District.

b. Adopt the Downtown Jaffrey Tax Increment Financing Plan dated 2/9/99, which stipulates that no funds arising from the district will be expended other than those included in paragraph III until a more comprehensive and specific plan is adopted by Town Meeting vote.
c. Authorize the Board of Selectmen to appoint a District Administrator in accordance with the provisions of 162-K:13 and to appoint a nine member Advisory Board in accordance with the provisions of 162-K:14. III.

To see if the Town will vote to raise and appropriate the sum of Twenty Thousand Dollars ($20,000) annually to support the Jaffrey Downtown Revitalization/Main Street Initiative which will be responsible for the development and implementation of downtown improvement programs. These funds would come from the Downtown Jaffrey Tax Increment Finance District. Recommended by the Selectmen and the Budget Committee.

Art. 25. To see if the Town will vote to support the following statement to be made to the NH Department of Transportation by the Board of Selectmen, "The Town of Jaffrey wishes to make it known to the NH Department of Transportation that we support the proposal of a solution to the dogleg in downtown Jaffrey by either a through-pass or a by-pass of the downtown. The present alignment of US Route 202 through downtown Jaffrey is detrimental to the safety of motor vehicle operators and pedestrians, and it is detrimental to the economy of the Jaffrey downtown."

Art. 26. To see if the Town will vote to approve a five year lease agreement made between the Town of Jaffrey and DD Beans and Sons for $1 per year, and the Town of Jaffrey and Mr. Robert Banker for $1 per year. This lease will allow for the establishment of a Welcome Center to be located on the west side of Peterborough Street just north of the intersection with Main Street. The Chamber of Commerce would fund the construction of the Welcome Center with the Town of Jaffrey providing the necessary maintenance.

Art. 27. To see if the Town will grant to the owner of the Abbott Building located at 5 North Street (Map 238 Lot 167) an easement for access and egress over the existing driveway from Main Street passing in front of the police station and an easement for four parking spaces along the westerly line of the Abbott Building and for parking within the existing drive as it abuts the Abbott Building or take any other action relative thereto.

Art. 28. To see if the Town will vote to approve an extension of the Jaffrey sewer system from the intersection of Gilmore Pond Road and River Street to the site of the proposed new High School off Route 202 South at the Jaffrey/Rindge town line. The entire cost of this extension would be borne by the School District with the Town of Jaffrey taking ownership of the line once installed and proven to be operational. The School District will also fund 30% of the upgrade for the River Street pumping station to allow for the additional flow from the High School through

that pump station. The School District will pay for the entire cost of the upgrade to the River Street pump station in 1999, and the Town would reimburse the School District 70% of the cost in the year 2000.

Art. 29. To see if the Town will vote to permanently close the road in front of the town beach (a portion of Squantum Road) as is done each summer. Submitted by Petition. (Selectmen's note: This would change the classification of this road from a Class V road to a Class VI road closed subject to gates and bars. This would allow the town to close the road all year long and prevent traffic from using this road. Further, the regular maintenance of the road would be discontinued).

Art. 30. To see if the Town will vote have the police use more radar during the daylight and nighttime hours on Squantum Road. Submitted by petition. This is a non-binding article.

Art. 31. To see if the Town will vote to reduce the speed limit from 30 mph to 25 mph on Squantum Road. Submitted by Petition. This is a non-binding article.

Art. 36. Shall the town adopt the provisions of NH RSA 31:95-e providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific recission of such authority, the authority for the Selectmen to accept gifts of personal property which may be offered to the Town for any public purpose, pursuant to RSA 31:95-e. The Selectmen must hold a public hearing before accepting such a gift, and the acceptance shall not bind the Town to raise, appropriate, or expend any public funds for the operation, maintenance, repair or replacement of such equipment.

Art. 37. Shall the town adopt the provisions of NH RSA 202-A:4-d providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific recission of such authority, the authority for the Library Trustees to accept gifts of personal property which may be offered to the Library for any public purpose, provided, however, that no acceptance of personal property by the Library Trustees shall be deemed to bind the Town, or the Library Trustees to raise, appropriate or expend any pubic funds for the operation, maintenance, repair or replacement of such personal property.

Art. 38. Shall the Town adopt the provisions of NH RSA 80:80 providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific recission of such authority, the authority for the Selectmen, pursuant to RSA 80:80, to dispose of property acquired by Tax Deed by either conveying said property back to its original owner(s) for consideration equal to all associated unpaid property taxes, interest and expenses or sell said property at public auction, or to otherwise dispose of property as justice may require.

Art. 39. To take up any other business which may legally come before this meeting.

Given under our hands in the Town of Jaffrey, this 16th day of February 1999.

REPORT OF THE BOARD OF SELECTMEN

It has been an unusually busy year for the Board again this year with a wide variety of issues demanding our attention. As usual we are dealing with infrastructure problems, needing to find additional water to insure water service if one of our wells goes down. This is a state requirement. We are also under administrative order to upgrade our sewer treatment plant to improve the quality of effluent we are discharging into the Contoocook River. We are testing two different methods of additional treatment which were recommended by the value engineering workshop conducted a year ago.

We are very pleased at the enthusiasm shown by many who have undertaken to improve Jaffrey through our application to participate in the Main Street Program offered by the New Hampshire Main Street Program. This is truly a community effort with many volunteers working to improve the downtown area.

Admittedly, the Board has been remiss in the past in its enforcement of our sign ordinances. This year we have rectified this by instructing our Code Enforcement Officer to strictly enforce what the people of Jaffrey have voted on as it relates to signs. This was not without controversy but the majority of businesses and organizations cooperated fully.

This year, in addition to attending regional selectmen's meetings, we met with our neighboring Boards of Selectmen from Peterborough and Rindge to discuss matters of mutual interest. This climate of cooperation between town boards is welcomed as we all benefit when we work together.

Once again we thank all our dedicated town employees and committees for their continued efforts on behalf of the people of Jaffrey. Working together benefits all.

Respectfully submitted,

Jeanne LaBrie, Chairman

REPORT OF THE TOWN MANAGER

One year ago we were without a Director of Public Works, and a Recreation Director. I am happy to report to you that in 1998 we were successful in our efforts to find two new people for these positions. Jes Alexant was hired for the position of Director of Public Works, and Walt Pryor was hired as our Recreation Director. Both of these individuals have settled into their positions quite nicely and have provided us with quality leadership and management in their respective departments.

A new position which was created this past year is that of the Regional Prosecutor. In 1997, the towns of Jaffrey and Peterborough agreed to consolidate our district court prosecution efforts into one person. Together, we sought a qualified attorney and hired Tracy Connelly. She has jumped into the position with both feet and has established this position and the concept of a Regional Prosecutor remarkably well. One of the intangible benefits of this position is the notion of Jaffrey and Peterborough working together to provide efficient services to the residents of both towns. We are proud of this effort.

You will note in the Selectmen's report and the Director of Public Works report that we continue to seek solutions to our water and sewer needs. These two areas carry mandates from the Federal and State governments that we cannot shake, and which remain our greatest challenges. During 1999 we hope to find a solution to these needs which are a third water source and an upgrade to the wastewater treatment process. You will likely see articles on the 2000 Town Meeting Warrant to address these issues, and hopefully close out these mandates.

Through the efforts of all employees, we have been able to provide the services you receive without an increase in the Town portion of the tax rate, this is the fifth year in a row where we have been able to do that. All employees make every effort to carry out their jobs to their maximum effort, while at the same time realizing that what they do has an impact on your taxes. I can honestly say that our town employees are mindful of that at all times and work hard to keep costs down. We also make a concerted effort to provide all the residents with personal service. This is your town government and we do not want you to feel as though it is a bureaucratic organization where you can never get an answer or solution to your problem. If you ever feel this way, please call me and we will get your concern resolved.

I would like to thank all the officials and volunteers of the Town who participate in their town government to make it a better organization for us all. Without these people, we could not function. I would also like to thank each employee of the Town, whether full-time, part-time or seasonal, who puts forth every effort to make Jaffrey a better place to live.

Respectfully submitted,
Jonathan Sistare
Town Manager

INDEPENDENT AUDITOR'S REPORT

To the Members of the
Board of Selectmen
Town of Jaffrey
Jaffrey, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Jaffrey as of and for the year ended December 31, 1998 as listed in the table of contents. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

Except as discussed in the following paragraphs, we conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Government Accounting Standards Board Technical Bulletin 98-1, *Disclosures about Year 2000 Issues,* requires disclosure of certain matters regarding the year 2000 issue. The Town of Jaffrey has included such disclosures in Note 8C. Because of the unprecedented nature of the year 2000 issue, its effects and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Accordingly, insufficient audit evidence exists to support the Town of Jaffrey's disclosures with respect to the year 2000 issue made in Note 8C. Further we do not provide assurance that the Town of Jaffrey is or will be year 2000 ready, that the Town of Jaffrey's year 2000 remediation efforts will be successful in whole or in part, or that parties with which the Town of Jaffrey does business will be year 2000 ready.

The general purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Town of Jaffrey has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, along with the effects of such adjustments, if any, as might have been determined to be necessary had we been able to examine evidence regarding year 2000 disclosures, as noted above, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Jaffrey, as of December 31, 1998, and the results of its operations and the cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards,* we have also issued our report dated January 18, 1999 on our consideration of the Town of Jaffrey's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of the Town of Jaffrey taken as a whole. The combining and individual fund financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Jaffrey. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of the
Board of Selectmen
Town of Jaffrey
Jaffrey, New Hampshire

We have audited the financial statements of the Town of Jaffrey as of and for the year ended December 31, 1998, and have issued our report thereon which was qualified as indicated therein dated January 18, 1999. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Town of Jaffrey's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants; noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Town of Jaffrey's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the audit committee, management and federal awarding agencies and pass-through entities. However, this report is a matter of public record and its distribution is not limited.

REPORT OF THE JAFFREY PUBLIC LIBRARY TRUSTEES

In 1998 circulation figures increased steadily in both the adult and children's areas. This was largely due to the staff's ability to process new material more quickly making them readily available to the public.

Presently we have two computers with Internet access for staff and public use. There has been continual use of Valueline, an investment reference source, which was originally funded by the Friends but is now included in the Town budget. The library offered two book discussion groups funded both by the Humanities Council and the Friends. Both series were well attended and produced excellent discussions. The front railings have been replaced and a second railing has been added to the side entrance.

The trustees revised the mission statement and the collection development policy to keep in line with state standards A circulation policy has been put into effect that will make materials widely available, provide maximum use of the collection, provide a uniform procedure for the retrieval of overdue materials and facilitate requests for materials.

A Beanie baby raffle , bake sale and basket sale sponsored by the Friends produced enough income to help fund a summer aide and the book discussion series and purchase two computer tables, a Polaroid camera, children's videotapes, and bulbs and flowers for the front and side of the library.

One hundred fifty-five children signed up for the summer reading program "Live free and read". Weekly programs were presented and a storytelling program called "Watermelon tales" received wonderful reviews. Ninety children received certificates of achievement for reading and were entertained by the "Sunshine Sisters".

Katrina Yurenka, the children's librarian, accepted the position of school librarian at the New Boston Elementary School. Christine Tarrio was promoted to the children's librarian position and we welcomed Sheila Vanderhorst as a new library assistant. Christine ran an "Adopt a Book" program from mid-November through the holiday season. Patrons could donate a book to the children's collection and a bookplate would be placed in the front of the book. The program was a great success.

The library received donations in memory of Adelia Whitcomb, Virginia Fields, James H. Fields, Geraldine Wallace, Mildred Gibbs and Amos Fortune.

To our dedicated staff, Friends, supporters, donors, volunteers and everyone else who has given time and effort for the betterment of the library we extend a sincere 'THANK YOU."

Respectfully submitted,
Jaffrey Public Library Trustees:

Elizabeth Shea, Chairman	Patricia Cournoyer, Treasurer	Kevin Sterling
Lyn Lambert, Secretary	Frederick S. Richardson

REPORT OF THE POLICE DEPARTMENT

We have accomplished many of our goals this past year, doing so while adhering to a strict budget. We have reduced major crime, significantly cut down on the number of traffic accidents through increased patrols - with no fatalities to report - and made substantial organizational changes that allow us to connect better with members of the community. Working in partnership with residents, I feel we have improved the quality of life here in Jaffrey by making the town a safer place.

By aggressively enforcing all laws and ordinances, we have helped to deter further crime. Those who would consider criminal acts now think about the consequences. Deterrence means law-abiding citizens are less likely to be victimized.

We have also focused on crime prevention, which promises a lasting solution against unwanted acts. Your police officers have been working hard to deal with school-age children to reduce violence among our young people, paying special attention to drug and alcohol abuse. While this effort is costly for the police department, we have managed to accomplish many goals through obtaining grants, along with support from town officials, the town manager, and the staff and teachers of our school district as well as the Safe and Substance-Free Advisory Council. With your support, this has truly been a team effort.

Other accomplishments include the hiring of a regional prosecutor and sharing that expense with Dublin and Peterborough; upgrading the communications and computer systems; a new animal control officer motivated to answer your complaints quickly and efficiently; stricter management of the police budget; and encouraging community and teen forums.

Your officers are committed to continue being members of the best small town police department in the state and they are constantly striving to improve.

Our excellence, however, depends greatly on your support as partners in the effort to keep Jaffrey safe and thriving. We draw our strength from the community. This vision of partnership inspires our entire department. In part, that means citizens must continue not to tolerate criminal behavior, no matter how petty it may appear. In addition, all of us must continue to petition our legislators to supply sound, enforceable laws, and make sure that the prosecution of criminals is vigorous, with punishment delivered fairly within the dictates of the law.

Respectfully submitted,

Bob Pelio
Chief of Police

REPORT OF THE DEPARTMENT OF PUBLIC WORKS

1998 was a year which included several major projects and a new director. The DPW divisions include Cemeteries/Parks and Commons, Dams and Bridges, Highways and Streets, Recycling/Transfer Solid Waste Transfer, Wastewater, and Water. The summary below outlines some of the major DPW projects performed during 1998.

In addition to regular maintenance grading, the Highway Division reconstructed, paved, or partially reconstructed the following lengths of Town Roads:

Contoocook Avenue:	905 feet	Proctor Road:	3,530 feet
Christian Court:	550 feet	Spruce Street:	550 feet
Crestview Drive:	6,250 feet	Town Farm Road:	3,845 feet
Old County Road:	800 feet	Tyler Hill Road (shimmed)	
Paradise Lane:	635 feet	Woodbound Road:	2,000 feet

The Highway Division also performed the excavation and drainage work on the Jaffrey Center sidewalk construction, at a cost savings of $35,900 from the original contractor's price. Culverts were replaced and potentially damaging trees and branches were removed on a number of Town roads. Temporary support was installed for the Nutting Road pedestrian bridge, which had deteriorated over the years. Snow and ice removal was conducted with no significant winter accidents occurring in 1998.

The Water Division replaced 2,000 linear feet of water main on Turnpike Road east of downtown, installing new 12" HDPE pipe; installed 8 new replacement fire hydrants; installed 93 new replacement water meters; and repaired 20 water line breaks. Filtration avoidance testing was performed on samples from Poole Reservoir and Bullett Pond, with the results indicating that filtration could not be avoided for those sources. Planning was initiated to secure a supplemental water source and to undertake design for treatment in 1999. The Water Division pumped 160,540,000 gallons of water from the two Town wells in 1998, averaging approximately 440,000 gallons per day.

The Cemetery/Parks and Commons Division performed 14 full burials and 21 cremation burials; and maintained the Town cemeteries and park areas in proper condition.

The Sanitation Division operated the Transfer/Recycling Station to successfully process solid waste and recyclable material without any major accidents. Disposal tonnage increased in 1998 over 1997, increasing disposal costs.

To remove infiltration/inflow (I/I), the Sewer Division replaced 1,600 feet of sewer on Main Street in Jaffrey Center; 300 feet of sewer behind Prospect Street; and 150 feet of sewer on Cross Street; and rehabilitated several manholes. These actions have resulted in a significant reduction in I/I. More I/I removal is planned for 1999. The Town's wastewater discharge permit will come up for renewal in 1999 and will require construction of additional treatment equipment to remove ammonia to meet projected new state effluent limits. We also completed a Technology Assessment study for wastewater ammonia removal, concluding with a recommendation for 1999 to perform pilot testing of fixed-film treatment systems highlighted in the 1997 Value Engineering workshop.

REPORT OF THE RECREATION DEPARTMENT

As I sat down to write my first Annual Report for the Recreation Department, I looked at previous reports to see what my predecessors had written. What I noticed immediately was the total commitment by the community, both financially and by volunteering, to the programs offered through the department. This is what makes Jaffrey a special place to live. Thanks also to the local business leaders that are always willing to help with services, financing, or other support. A special thanks to the Jaffrey Friends of Recreation, a small but dedicated group that is very special. Our report will detail our improvements over the past year, a look at the future, and how many participants took part in programs and activities.

What Was New In 1998: This past year provided many changes in the department. In the winter, I moved to the area to take over as the new Parks and Recreation Director. In the Spring a new mowing deck and portable sound system was purchased with the new sound system being used at the Annual Town Meeting, Hannaford's management assisted with a clean up at Thorndike Pond, a new backstop was installed at Humiston Field, the Teen Center was renovated, our computers were upgraded, a Spring Break Camp was held, our new concession stand at Contoocook Beach neared completion (by the way, the project came in within the budget and was constructed mostly by Alan Morris, Todd Souza, and myself along with volunteers), the Teen Center held a car wash at Wal-Mart; a Boston Red Sox trip took place; and a BMX bicycle demonstration was given at the Teen Center Skate Park. Summer was busy for us as we received a replacement for our truck, Snicker's candy bars held a Soccer Fair at Hannaford's, a new Boy's AAU Basketball League began with 8 teams, Keene State conducted a Summer Basketball Camp at Conant High School, and we had a great End of Summer Block Party at Humiston Field. Keep in mind that *all these activities were in addition to our regular programs!*

What to Expect In 1999: The upcoming year should be very exciting for our department. We have a number of new trips planned, expanded offerings for existing programs, and will always be available for suggestions on what you would like to see us offer. Watch for "Mount Humiston", a new beach volleyball court at Lake Contoocook, expanded parking at Humiston Field, and more in 1999. One of my major goals for the upcoming year is to have more volunteers and increase the membership of the Friends of Recreation. Please feel free to visit us at Humiston Field or call 532-7863. The Jaffrey Parks and Recreation Department, IT'S FOR YOU!

Walt Pryor, Director

1998 PROGRAMS AND PARTICIPATION

Participants are those who take part in our activities. If a person visits the Teen Center 20 times a year, they have participated 20 times. If a person takes part in 10 activities, they count as a participant 10 times. That is how participant numbers are higher than our town's population. Participant hours are the hours our participants spend in a particular program. Based on the above example, if that person spends two hours each visit to the Teen Center, the total participant hours for that person are 40. This means the participant has been a part of our programs for 40 hours that year. Please keep in mind that other volunteers in the community administer some of the programs listed below. Baseball and Softball Programs are not listed, but are supported by the Recreation Department in some aspects. Here is the 1998 listing of participants and participant hours.

REPORT OF THE OVERSEER OF PUBLIC WELFARE

1998 has been the most difficult year since I took on the position of Director of Welfare for the Town of Jaffrey. A number of families, single parent mothers and individuals were in crisis because of injury, illness, or loss of housing. Each of these cases required considerable expenditure by the Town before permanent long-term solutions could be found. As of this writing, all but one case has been resolved with even the one remaining headed toward closure in January of 1999.

Once again this year the single biggest expense category was shelter/housing at $59,784.33, a 15% increase from 1997. This situation will continue to exist until more affordable housing is available. With most low income families spending between 30% to 50% of their income for housing the need for low cost housing becomes more acute each year.

The second largest and fastest growing category of expenses is the request for prescription medications and emergency medical care. This year's expenses totaled $11,105.00 (mostly for medications.) I have looked for ways to reduce our cost in this area but I have been unsuccessful so far.

My many thanks to the individuals and organizations who contribute their efforts and money in helping me to provide assistance to those in need. Without your help, I could not always reach those amongst us in their time of need.

REPORT OF THE FIRE DEPARTMENT

1998 was a relatively safe and quiet year for the Jaffrey Fire Department. We answered 170 fire and rescue calls.

The following is a breakdown of calls in 1998:

Motor Vehicle Accidents	14%
Fire calls	17%
Automatic Alarms (often false)	30%
Mutual Aid to surrounding communities	14%
Brush Fires	7%
Service Calls (non-fire related)	14%
Hazardous Material Incidents	4%

The departments continuous training and upgrading of equipment, coupled with aggressive firefighting techniques resulted in several good stops in the past year.

Our response time and our firefighters per call remain at a very acceptable level, however, we do need a few more firefighters. We are experiencing a lack of volunteers to become call firefighters. Other on-call Fire Departments in the area are experiencing the same problem. This seems to be a national trend. We would be glad to talk to anyone interested in joining this deparrtment.

Again we are happy to report that our fire apparatus and equipment is in excellent condition. We have recently completed projects to replace all old and outdated two-way radios and have replaced most of our old worn fire hose. These projects were expensive but had to be addressed at this time. We are also continuing to upgrade our self-contained breathing apparatus. We are recommending that we continue to place $25,000 in capital reserve for the eventual need or major repair of fire apparatus.

The Jaffrey Fire Station is now seventeen years old and in good condition. However, we have had to start replacing the overhead doors to the truck bays. This will be done one or two per year and should not have too much effect on the Fire Department budget.

With the help of the Department of Public Works/Water Department we have installed two new dry hydrants. The Water Department has replaced or repaired the fire hydrants that were out of service.

We want to thank Jaffrey's firefighters for their service and dedication to duty. We also want to thank the VFW Ambulance crew and the Jaffrey Police Department for their continued assistance and support. And, as always, a sincere thank you to the citizens of Jaffrey and the Board of Selectmen.

Remember: SMOKE DETECTORS SAVE LIVES!

THE ABOVE REPORT WAS SUBMITTED BY THE JAFFREY VFW MEMORIAL AMBULANCE INC. SO THE TAXPAYERS OF JAFFREY AND RINDGE COULD APPRECIATE THE SAVINGS IN THEIR BUDGETS FROM THE FREE SERVICE. THE AMBULANCE SERVICE CELEBRATED ITS 50TH ANNIVERSARY IN 1998 AND REMAINS STRONG DUE TO THE GENEROUS DONATIONS AND SUPPORT FROM THE TOWNSPEOPLE AND BUSINESS OF JAFFREY AND RINDGE. THE SERVICE COULD NOT RUN WITHOUT THE VOLUNTEERED TIME AND DEDICATION OF THE EMERGENCY MEDICAL TECHNICIANS AND AUXILIARY MEMBERS WHO ARE AFFILIATED WITH THE SERVICE. THE MEMBERS OF THE JAFFREY VFW MEMORIAL AMBULANCE SERVICE DO NOT RECEIVE ANY COMPENSATION FOR THEIR TIME, HOWEVER IN THE ABOVE ANALYSIS THE COST SAVING IS CALCULATED BY USING A COMPENSATION RATE OF $8.50 PER HOUR. THE $8.50 REPRESENTS THE AVERAGE PAY OF A CALL FIREFIGHTER.

REPORT OF THE PLANNING BOARD

The Planning Board considered 22 cases in 1998, among them site plan reviews for seven new or expanding businesses. Overall, by category, the cases were as follows:

9 site plan reviews (one withdrawn prior to decision)
6 modifications or amendments to existing plans
7 subdivisions (one amendment to conditions of existing plans)

Courtesy of the state legislature, the Board had to adjust its procedures for acceptance and deliberation on new cases, a change that has had, thus far, little impact other than the initial confusion.

Proposed or enacted changes to the Land Use Plan or board regulations in 1998 include changes to emphasize the importance of buffering and awareness of neighborhood character and the registration process for home occupations. The latter change reflects a concern that, without a procedure to review the home use, there were misunderstandings about the ordinance. The Board continues to endorse home occupations as an important part of Jaffrey's economic base.

In response to concerns about the commercial signage in Town, the Planning Board requested that the Selectmen confirm their support of the ordinance. Several issues were raised, and the Board asked the Chamber of Commerce, as representative of the business community, to participate in the review. Our thanks to Ted Shea, Marc Tieger, Barry Miller and Michael Barlick for their efforts. Many of their carefully considered suggestions are incorporated in our proposed changes to the Land Use Plan.

Working with the Conservation Commission, the Department of Public Works, the Town Administrations and Southwest Regional Planning Commission, the Board has been considering a computer-driven mapping system, which would greatly improve our capability to analyze and project growth in the Town.

By vote at the January 1999 meeting, the Planning Board endorsed the Tax Incentive Finance Districts as proposed by the Industrial Development Authority. Also the Board supports and encourages the Downtown Revitalization Committee in their efforts and application the Main Street New Hampshire Program.

Diane Schott, Chairman

REPORT OF THE INDUSTRIAL DEVELOPMENT AUTHORITY

The Town of Jaffrey and the IDA were very active during 1998.The following items are IDA highlights:

- The beginning of 1998 marked the transition of Southwest Region Planning Commission (SWRPC) contracting with the Town to fulfill the position of the part-time Economic Development Director. In addition to this contract, the SWRPC has been researching and preparing an economic analysis of the Town which will assist in the development of Jaffrey's Economic Development Plan. Economic statistical data is available at the Town Office through the IDA for those agencies, businesses and citizens that would find this information useful in their planning.
- The IDA participated in the Community Stewardship Meeting held in April. The purpose of this meeting was to have Jaffrey citizens share their ideas and visions on Jaffrey's future. As a result of this meeting the Jaffrey Downtown Revitalization Partnership and the Jaffrey Tourism Committees were formed. These two committees have been very active with strong involvement from IDA members. The Jaffrey Downtown Revitalization Committee is in the process of applying to the New Hampshire Main Street Program to have Jaffrey become a member town. The Main Street program is a proven national program designed to assist downtown revitalization efforts. The Tourism Committee has been active in creating the Monadnock Memories brochure which describes various historic locations in the Jaffrey area.
- Two Tax Increment Financing Districts (TIFDs) have been developed by the IDA Committee and will be presented to the Town for approval at the 1999 Town Meeting. A TIFD is being proposed for the industrial land off Sharon Road and Hadley Road in order to provide better access to the industrial land from Route 202. A second TIFD is being proposed for downtown Jaffrey to assist in the on-going revitalization efforts. TIFDs are a financial tool designed to provide financing for needed infrastructure improvements in areas designated for economic revitalization by capturing new tax dollars created within the district.
- The Welcome Center proposed for the land opposite Alderman Park has been an active project for the IDA, the Town and the Jaffrey Chamber of Commerce. This idea was a result of the Community Stewardship meeting held in April and consists of leasing this land to erect a gazebo, provide parking and to add green space. Plans are to have this project complete in the Spring of 1999.

Assistance was provided for the expansion and growth of New England Wood Pellets, Atlas, Rite Aid, and Monadnock Disposal during the year. Business visitations are an on-going activity for IDA members in order to keep abreast of the needs and concerns of this important and critical part of the Jaffrey economy.

Plans for 1999 include the continuation of projects undertaken in 1998 along with developing a stronger liaison with the business community. It is also the goal of the IDA Committee to work with the Planning Board in the completion of an Economic Development Plan as part of the Jaffrey Master Plan.

Respectfully submitted,

Jonathan Sistare, Chairman
Industrial Development Authority

REPORT OF THE CONSERVATION COMMISSION

The Jaffrey Conservation Commission was established "*for the proper utilization and protection of the natural resources and the protection of watershed resources*" (NH RSA Chapter 36-A) and may advise the Planning Board and other town bodies in conservation matters.

The past year has been a fairly active one for the Conservation Commission. Comment and input were given on a number of wetland-related issues, most notable the proposed wetland dredge and fill application for the downtown Rite Aid project.

Considerable discussion and planning have addressed the development of an open space/land conservation plan for the town. The initial task is to develop an open space inventory/database. This database will be obtained in cooperation with the Southwest Regional Planning Commission by using satellite imagery analysis. It is hoped that this open space inventory will become one of may databases in a town wide Geographic Information System.

The Conservation Commission is also charged with the management of town forests, of which Jaffrey has three. A management plan for Carey Park Town Forest was developed by a New Hampshire Licensed Forester in May 1998. Timber harvesting will be directed toward the objectives of enhancing wildlife habitat, recreation opportunities and aesthetic enjoyment. The property needs its boundaries surveyed before any timber cutting is initiated. The survey work should be completed during 1999.

REPORT OF THE HISTORIC DISTRICT COMMISSION

The Jaffrey Historic District Commission was established by the citizens in 1969 to safeguard the heritage of Jaffrey Center by (a) preserving a district which reflects elements of its cultural, social, economic, political and architectural history; (b) conserving property values in the district; (c) fostering civic beauty; and (d) promoting the use of an historic district for the education, pleasure and welfare of the citizens.

In 1998 your Historic District Commission met on the first Thursday of each month whenever there was a petition relating to the Commission's ordinance to regulate "the construction, alteration, painting, moving, demolition or use of structures and places..." within the District. In meeting our responsibilities, we held special site visits, and communicated with other town committees, commissions from other districts, and state agencies.

By action of Town Meeting, the description of the boundaries of the Historic District were updated by replacing the old description based on ownership with current map and lot numbers. No changes were made to the boundaries of the District.

The District sidewalk project was finalized and recommendations made for the placement of No Parking signs. Several applications for structural changes and change of use requests were approved during the year.

The Commission continued its close working relationship with the Meetinghouse Committee, commending the project of repainting the Meetinghouse interior and recommending clarification of responsibilities between the Town and the VIS for booking, maintenance and overseeing activities and events utilizing the Meetinghouse.

The Commission collaborated with the Tourism Committee of the Chamber of Commerce in developing a Historic Walking Tour in Jaffrey. We mentioned the Hollis Historic District in its development of design guidelines, and maintained working relationships with the Planning Board and the Selectmen. The Commission extended appreciation to Sally Roberts for her years of service as Commission Secretary, and welcomed new members George Dishong and Nancy Lloyd.

REPORT OF THE MEETINGHOUSE COMMITTEE

The interior of the Meetinghouse was painted in the late spring for $18,000. This made the building particularly pleasant for several weddings, the Shakespeare Festival, the Amos Fortune Forum, the Monadnock Music and the summer meetings of the Jaffrey Historic District Commission.

The electrical work was completed and the wiring brought up to code and several outdate stage lights were removed that reduced a potential fire hazard.

It was a very successful year for the Meetinghouse and the overflow crowds for several events attested to the support given by the town residents and the people of the region.

REPORT OF THE MONADNOCK ADVISORY COMMISSON

REPORT TO THE TOWNS OF: JAFFREY, DUBLIN, MARLBOROUGH, TROY AND FITZWILLIAM.

The Monadnock Advisory Commission is charged by the State of New Hampshire under RSA 258:1 to advise and guide the Department of Resources and Economic Development (DRED) on the management of their lands and leased lands of the Society for the Protection of New Hampshire Forests and the Town of Jaffrey. The lands are located on Mount Monadnock, Gap Mountain and Little Monadnock Mountain.

On Saturday, June 20, 1998 the Commission met at The Inn at East Hill Farm in Troy. Business attended to was as follows:

Continued discussion on a new parking lot in Dublin at the Dublin trail head. This will accommodate forty eight cars.

A similar discussion ensued about parking on the Quarry Road (Troy) access to Gap Mountain. A letter was sent to the appropriate people from the Commission asking that we be included in any discussion about parking if the new by-pass ever gets built.

The major portion of the meeting was centered around a review of the Monadnock Management Plan. What has and has not been accomplished and what is feasible?

Larry Davis, a local legend because of his commitment to climb the mountain every day for what seems like forever, would like to bury a time capsule somewhere on the mountain.

Republish Annals of Monadnock and the Monadnock Guide.

The public is encouraged to contact their Commission members with suggestions and comments.

The next meeting will be on January 9, 1999 at East Hill Farm.

Members of the Monadnock Advisory Commission are:

Jaffrey	Ann Royce, Bill Elliott
Dublin	Betsy Harris, Tom Wright
Marlborough	James Everard, Ernie Linders

JAFFREY Y2K COMMITTEE

In an effort to address potential local issues which may be effected by the Y2K phenomenon, the Board of Selectmen appointed a committee of residents and local officials. They will be meeting during 1999 to determine what actions may be taken to assist the Town of Jaffrey. Their mission is as follows:

The purpose of the Jaffrey Y2K Committee is to mobilize the entire community with the goal of minimizing the potential impact of the Y2K problem on the citizens of Jaffrey. Efforts will be focused in the following areas:

1.) Prevention

The Y2K Committee will monitor, encourage and cooperate with all town departments and human service agencies in the testing and upgrading of all computer systems and electronic equipment for the greatest possible Y2K compliance, and in formulating contingency plans for dealing with potential disruptions in essential services;

2.) Preparedness

The Y2K Committee will recommend specific ways by which individuals and neighborhoods may prepare to care for themselves and for each other;

3.) Communication

The Y2K Committee will seek to keep the citizens informed of existing and evolving plans in order that neighborhoods and individuals may take full advantage of preparedness plans and resources;

4.) Volunteers

As deemed necessary or useful, the Y2K Committee will solicit and help coordinate volunteers to assist the town and its citizens.

Please call 532-7171 for further information.
